

TAPP Students:

In order for the fathers of the babies, or other relatives, to pick up children from the nursery, the following documentation must be provided:

- Valid I.D.
- On the Babies Emergency Card, the father’s name, or other relatives’ name, **MUST** be listed. This will enable their name to appear on the pick-up list in guidance.

Unauthorized persons must check-in through the guidance department.

TAPP students are the **ONLY** students that may enter the nursery to pick up the child. Due to safety, the father, or other relatives, must either wait in guidance or wait outside the nursery door.

TAPP TRANSPORTATION:

1. Teen Parents must be prepared to board their normal bus route to their districted High School. From their districted High School, they will be transferred to a shuttle bus, which will transport them to Bannerman Learning Center. Those Teen Parents that currently have children will be picked up and dropped off at their homes.
2. **Infants must be in federally approved carrier at all times when on the bus. If not secured in such a device, the parent and child will not be allowed to board the bus.**
3. Mothers will be required to strap the infant seat to the bus seat as directed by the infant seat manufacturer. Mothers will also be responsible for assuring that toddlers remain safely seated.
4. **Those enrolled in the TAPP Program** will be directed to sit in designated seats. Mothers and fathers must comply with the bus driver’s instructions at all times. Bus safety rules apply to all passengers on the bus.
5. Because the driver is on a timed schedule, there will be **no stopping** along the route unless for an emergency. If an **infant’s diaper becomes soiled while en route to school**, the mother will need to wait until the destination is reached before removing the child to change the diaper. **All soiled diapers must be carried off the bus by the mother as soon as possible.**
6. No breast-feeding will be permitted on the bus.
7. As with all transported students, the bus driver is not authorized to honk the horn or wait for students who are late getting to the bus stop. Be at the bus stop at least five minutes ahead of the scheduled pick-up time.
8. You must also stay **awake** during route, you are responsible to **watch your child** and keep them in seat belt at all times.
9. As a safety precaution, mothers or fathers of the baby are the only ones who need to carry their baby on and off campus.
